Form 4B	Bukidnon State University RESEARCH ETHICS COMMITTEE **Form 4B Informed Consent Assessment Form**	Version no. 1

Reference Number:[1]	
Code:[2]	
Study Protocol Title:	AI-Powered Predictive Analytics for an Academic Early Warning System
Principal Investigator:	
Study Protocol Submission Date:	

Essential Elements **(as applicable to the study)**	**To be filled out by the PI** Study-based draft checklist YES = addressed in study ICF review still pending		Study page and paragraph Unchecked = missing or incomplete	**REVIEWER COMMENTS**
	YES	**N/A**		
1. Statement that the study involves research	✓		p. 30, para. 4	
2. Statement describing the purpose of the study	✓		p. 7, paras. 1–6	
3. Study-related treatments and probability for random assignment		✓	N/A — nonclinical study	
4. Study procedures including all invasive procedures	✓		p. 31, para. 1; p. 61, para. 4	
5. Responsibilities of the participant			p. 23, paras. 2–3; duties incomplete	
6. Expected duration of participation in the study	✓		p. 33, para. 3 (interviews only)	
7. Approximate number of participants in the study	✓		p. 33, para. 3 (15 interviews only)	
8. Study aspects that are experimental	✓		p. 9, para. 3; p. 31, para. 2	
9. Foreseeable risks to participant/embryo/ fetus/nursing infant; including pain, discomfort, or inconvenience associated with participation including risks to spouse or partner;			p. 31, para. 2; full risk disclosure absent	
10. Risks from allowable use of placebo (as applicable)		✓	N/A — nonclinical study	
11. Reasonably expected benefits; or absence of direct benefit to participants, as applicable	✓		p. 8, paras. 1–3 (intended benefits)	
12. Expected benefits to the community or to society, or contributions to scientific knowledge	✓		p. 8, paras. 4–5; p. 9, para. 1	
13. Description of post-study access to the study product or intervention that have been proven safe and effective		✓	N/A — nonclinical study	
14. Alternative procedures or treatment available to participant			p. 23, para. 4; alternatives not explicit	
15. Compensation or insurance or treatment entitlements of the participant in case of study-related injury			Not stated in study	
16. Anticipated payment, if any, to the participant in the course of the study; whether money or other forms of material goods, and if so, the kind and amount			Not stated in study	
17. Compensation (or no plans of compensation) for the participant or the participant's family or dependents in case of disability or death resulting from study-related injuries			Not stated in study	

[1] To be issued upon RGAO registration

[2] To be issued upon initial processing by BukSU REC

18. Anticipated expenses, if any, to the participant in the course of the study			Not stated in study	
19. Statement that participation is voluntary, and that participant may withdraw anytime without penalty or loss of benefit to which the participant is entitled			Not stated in study	
20. Statement that the study monitor(s), auditor(s), the BukSU REC, and regulatory authorities will be granted direct access to participant's medical records for purposes **ONLY** of verification of clinical trial procedures and data		✓	N/A — nonclinical study	
21. Statement that the records identifying the participant will be kept confidential and will not be made publicly available, to the extent permitted by law; and that the identity of the participant will remain confidential in the event the study results are published; including limitations to the investigator's ability to guarantee confidentiality			p. 7, para. 3; confidentiality details absent	
22. Description of policy regarding the use of genetic tests and familial genetic information, and the precautions in place to prevent disclosure of results to immediate family relative or to others without consent of the participant		✓	N/A — nonclinical study	
23. Possible direct or secondary use of participant's medical records and biological specimens taken in the course of clinical care or in the course of this study		✓	N/A — nonclinical study	
24. Plans to destroy collected biological specimen at the end of the study; if not, details about storage (duration, type of storage facility, location, access information) and possible future use; affirming participant's right to refuse future use, refuse storage, or have the materials destroyed		✓	N/A — nonclinical study	
25. Plans to develop commercial products from biological specimens and whether the participant will receive monetary or other benefit from such development		✓	N/A — nonclinical study	
26. Statement that the participant or participant's legally acceptable representative will be informed in a timely manner if information becomes available that may be relevant to willingness of the participant to continue to participation			Not stated in study	
27. Statement describing access of participant to the result of the study			p. 23, para. 3; research results access absent	
28. Statement describing extent of participant's right to access his/her records (or lack thereof *vis à vis* pending request for approval of non or partial disclosure)			p. 23, para. 3; rights procedure absent	
29. Foreseeable circumstances and reasons under which participation in the study may be terminated			Not stated in study	
30. Sponsor, institutional affiliation of the investigators, and nature and sources of funds			Title page, paras. 3–8; funding not stated	
31. Statement whether the investigator is serving only as an investigator or as both investigator and the participant's healthcare provider			Title page, paras. 2–11; role not explicit	

32. Person(s) to contact in the study team for further information regarding the study and whom to contact in the event of study-related injury			Title page, paras. 3–6; contacts absent	
33. Statement that the BukSU REC has approved the study, and may be reached through the following contact for information regarding rights of study participants, including grievances and complaints: **Name of REC Chair** **Address:** **Email:** **Tel:** **Mobile:**			Not stated in study
