Use isolated accounts: two instructors with separate classes, authorized AMU staff, admin, and two students. Never run destructive tests on production records.

TC-19 - R08 Referral

Setup and procedure

Use separate eligible synthetic records for whole midterm 2.49, 2.50 and 5.00; use 5.01 only as an invalid-input test. Trigger supported save/upload flow.

Expected result

Under reviewed threshold, 2.49 does not trigger this grade-based reason; 2.50/5.00 do; 5.01 rejected or not treated as valid trigger. Other approved reasons assessed independently.

TC-20 - R08

Setup and procedure

Hold whole midterm below referral threshold while varying CS/LAB/MO components; then change whole midterm to threshold.

Expected result

Grade-based automatic referral follows whole midterm rule, not an individual component; confirm against approved policy.
