# Report Export Validation Record

Card 09 | Actual system export required

This is a capture record, not an AEWS-generated export. Generate the actual report from your running test system and attach that exported PDF/XLSX/CSV alongside this file.

**Role / account alias / report name / format**

**Build / date / active filters / source fixture**

**Actual exported filename and attachment link**

**Expected versus actual row counts, totals and data scope**

**Header, long-text, page-break and layout observations**

**Unauthorized records or confidential-data checks**

**Status / defects / reviewer and date**
